

Discipleship - Nurture - Accountability = DNA

Looking Back (Accountability)

What was the commandment from the previous week?

Did you obey the command as you had planned to?

What is one specific thing we can do this week to continue obey that commandment?

How has our time and relationship with the Lord been this past week?

Looking Forward (Disciple)

Have each person recite the current command. (if some don't all have it memorized take time to memorize it)

What is the context (who it is spoken to and why is it being spoken to them) of the verse and what is the command contained in the verse?

Discuss how this command challenges our current lifestyle.

Discuss how we can specifically begin to live out this command more regularly in our life.

Looking Inside (Nurture)

How have we been doing in our inner life/private world?

What are we thankful for?

How can we serve or take care of you?

How can we pray for one another this week? (**Take time to pray here**)
